

ANNOUNCEMENTS

www.thepresbytery.org got a makeover! Effective Friday, March 1, 2019, the site moved to a more efficient platform with a few cosmetic changes.

You should immediately see a change in the speed you receive confirmations for events/registrations. We have also made enhancements to the church listing and job/position postings.

Now, the downside. **EVERYONE will have to establish a new password.** Your user id remains the same, but you will need to register a new or existing password. Instructions will be given when you click to login.

You should see this message: Welcome to National Capital Presbytery member portal. Current members are required to change their password on our new website. Please click Forgot User Name \ Password to change your password. Once you submit your change you will be emailed instruction to change your password.

We do anticipate this transition to the upgraded platform to go smoothly. However, if you encounter any problems, please contact me immediately – lquander@thepresbytery.org

Thank you for patience and continued support! LaJuan C. Quander, Director of Communication, National Capital Presbytery
