

The Enneagram is a powerful tool for self-discovery. It is based on the theory that each of us is a variation on one of nine core personality types.

In discovering our type, we gain access to the underlying motivation and focus of attention to which each of us is predisposed. By observing our motivation and attention, we can broaden our experience of life.

Over time we have become “blind” to our automatic behaviors and ingrained motivations. The Enneagram helps us to look at our “blindness” in an accepting way and move our individual lives into a more humble and effective balance.
