

NCP TECH TALKS

WORKSHOPS

1-ON-1 SESSIONS

SMALL GROUPS

This interactive program of workshops, small group discussions, and 1-on-1 conversations are designed to help discern a path forward with hybrid worship. This is a great investment of your time and an opportunity to work through, in small groups and with our facilitators, any ideas, projects, or concerns you have adapting and implementing this new worship style. Our goal is to provide congregations, clergy members, and lay leaders the support needed to make hybrid worship a welcomed reality.

FACILITATORS:

ELDER JAMES BUTLER, III FIFTEENTH STREET PRESBYTERIAN CHURCH

SAM GUILLERMO CHRISTIAN COMMUNITY PRESBYTERIAN CHURCH

ELDER WILLIE MONTGOMERY FIFTEENTH STREET PRESBYTERIAN CHURCH

All three facilitators have decades of experience in the technical arts, worship and other ministries, and virtual/hybrid program development, training, and implementation. Link to video bio: <https://www.youtube.com/watch?v=9Zbi5kjOcCo>

WORKSHOP DATES:

MONDAY, JULY 26, 2021 – 8PM

TUESDAY, JULY 27, 2021 – 10AM
