

The DC-Metro chapter of The Church Network presents:

# Leveling Up Your Church's Cybersecurity

Thursday, February 15, 2024

11:00 AM – 12:00 PM ET

Online Zoom event: [REGISTER: tinyurl.com/5n7u5kub](https://tinyurl.com/5n7u5kub) 👉

PRESENTER:

## Travis Phipps

Director of Technology, Enable Ministry Partners

**Cybersecurity attacks and breaches are real threats for churches, and we're only seeing them increase in frequency as technology becomes more integrated into our lives. Being prepared and having a plan is the best way to combat a cybersecurity attack. Learn how to take your church to the next level of awareness, prevention, and responsiveness for cybersecurity.**

Travis Phipps is the director of technology at Enable Ministry Partners. He helps manage Enable's team of engineers and works closely with them to oversee Enable's technology strategy and direction for all clients. Enable Ministry Partners was formed with the specific intent to change lives by serving those who serve. They provide churches with their Ministry Enablement<sup>SM</sup> solution, a unique blend of comprehensive technology services, church management software consulting, data analytics, cybersecurity services, and business continuity solutions.

Presented by the DC-Metro Chapter of **The Church Network**, an inter-denominational professional association to connect, develop, and strengthen church leaders in administration.
