

May 1, 2025

Greetings People,

Does this sound like your church right now?

- Struggling to find someone to fill the pulpit?
- Going through a lot of change and needing some help?
- A smaller congregation looking for ways to make part-time ministry work?
- A pastor eager to see your members step into worship leadership?
- Wondering how your Elders can be true spiritual leaders?

If any of this resonates, we have a direct invitation for you!

Join us for a **Congregation-Led Worship Workshop** on **Saturday, May 17, from 9 AM to Noon** at **Arlington Presbyterian Church**.

You told the Presbytery that supporting struggling congregations is a priority, and we heard you! Access to worship is something we all share. We know it can be tough on your session and members to constantly manage the worship organization, often feeling unsure about the best way forward.

This workshop is designed to give you practical tools and hands-on experience in organizing and leading worship. It's also for pastors who want to equip their members to take on more leadership in liturgy, music, and yes, even preaching!

Come by yourself or bring a team. Please register ([HERE](#)) so we can have snacks ready. We'll wrap up just before lunch, and we encourage you to check out the lunch spots on Columbia Pike in South Arlington.

We look forward to seeing you.

Peace and Courage,

Rev. Tara Spuhler McCabe
